Mayor Gerald Tremblay
City of Montreal.

Dear Mr. Tremblay,

I have just received with my mail
2 (two) bulletins, one in English et l'autre
en français - complete with colour photos
of the city, plus photos of you and Libman,
copies (coloured) of childrens art plus information
about a master plan.

What happened to the master plan we
were promised when we were forced to
merger? Expropriated into their air

My tapes have gone way up
I've no library in my area
it's been closed
The roads "in town" are a
disaster - potholes, pipes bursting etc.

The place where I do volunteer work
on Guy Street is almost inaccessible
when there's a snow storm - and
it is that way for 2 days afterwards
and on and on it goes!!
Where would you have possibly
found the money to publish this so -

The
money
was
helped

called Master Plan? Did you have full
Council approval? I would like to know
what it cost plus all the other literature
in your name. Did you pay for this
personally? If so is it legal to do that - not every
one is rich.
I'd really appreciate a reply.

DOROTHY J. ANDERSON

Sincerely,
Dorothy J. Anderson.
