

As it is driving in and out of this area is impossible. Building 1000's of more housing in such an already congested area will be more of a nightmare. As it is to get to Decarie in the morning from 3 blocks away can take anywhere from 20 to 30 minutes just to get there.. How do you expect to improve the congestion by adding more and more housing within a 2 mile radius? adding green space as was done in Dollard des Ormeaux (centennial park) would enhance the quality of life for everyone
