

# Public Consultation

The Ville de Montréal has mandated the Office de consultation publique de Montréal (OCPM) to hold a **public consultation on the renovation of the playground and picnic areas in the « Clairière » sector, near Beaver Lake.**

Presently, the playground equipment and picnic installations found in this part of the glade are outdated, unattractive and in insufficient numbers for such a popular site. This favourite sector has not been renovated since the early 60's.

The renovation of the playground area is necessary to make it more dynamic, attractive and safe. Plans call for relandscaping of pathways which are in very poor condition and adding new equipment in the picnic area. The project also calls for preserving the open nature of the glade while consolidating the vegetation all around to help with the creation of an ecological corridor for plants and animals.

Persons and groups interested in learning more about the project are invited to :

consult the documentation on the OCPM Website **ocpm.qc.ca** or at the OCPM offices at 1550 Metcalfe Street, suite 1414;

attend one of a series of information meetings to be held on September 16th and 23rd, 2007, at 11 a.m., 2 p.m. and 4 p.m.

You are invited to go to the tent set up near the Beaver Lake children's playground and picnic area for those days.

Your opinion is important

You may express your opinion concerning the development plans and parts of this project by filling in an online questionnaire ([ocpm.qc.ca](http://ocpm.qc.ca)). You have until October 5, 2007 to send us your comments.
