We have been looking actively for land an empty lot or a building and ton'avail we ~~are untacky~~ have had no luck

I have been living in Chambre Clerc for more than 7 years. My life here has stableized. We are given healthy enviroment to grow and live ~~healthily~~. Commanity housing has allowed me to go back to school and earn 2 comprehensive diplomas, without social housing I would not have been able to start <sup>any</sup> schooling or have any growing support in my life.

this basic human right should be included in the charter rights and be a responsible charter policy That would give the City an incentitive to develope social housing
