

## Recommendations from the James Lyng Community

- 87 people were surveyed
- 87 % of the individuals surveyed admitted to not liking or being satisfied with the outdoor area surrounding the school
- 80.5% of those surveyed said that they spend their breaks outside
- This demonstrates the need to activate the outdoor space

## Recommendations from the James Lyng Community

- We are requesting that a crosswalk be put in front of our school (directly in front of the main office) making crossing Notre-Dame safer for our students
- Transportation (bus 191, 37, and 36) be reinstated as per the usual routes once construction is complete
- We also urge you to consider placement of the bus stop on the corner of Carillon and Notre-Dame going Ouest (out of respect for the residents at the retirement home on Notre Dame)

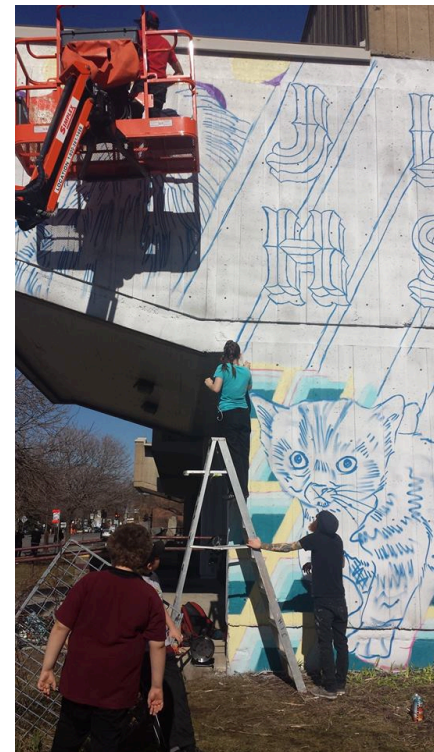

## James Lyng and the Arts

- We request that our students be implicated in the designing, painting and maintenance of the highway structure being built, including any outdoor surfaces which will be used as large scale art production spaces.

## James Lyng and the Arts

- Based on experience and expertise gained by working on several large scale productions on the outside of the school, in a variety of mediums

## James Lyng and the Arts

- This will be an investment in the development of the local community and borough at large, into a hub for the arts scene as we are able to support our local community and artists through renewing arts based projects based on the values of representation, recognition, respect
