

Below is an email I sent to Mr Mayor Coderre which I'd like to also transmit to the OCPM.

April 7, 2017

Monsieur Denis Coderre  
Mayor of Montreal

Please save the 185 hectares targeted for a monster development at Anse-à-l'Orme in Pierrefonds West

Dear Mayor Coderre,

I appeal you to save the 185 hectares of prime farmland "en friche" at Anse-à-l'Orme in Pierrefonds West and to protect its sensitive habitat and biodiversity.

Please do not carve a housing development into L'Anse-à-l'Orme Corridor. L'Anse-à-l'Orme Corridor is an asset of exceptional ecological and economic potential - unique among urban agglomerations - anywhere.

Will you please protect Anse-à-l'Orme Corridor in its entirety for our Metropolis - including all 185 hectares in Pierrefonds West?

You will bestow a living legacy in perpetuity on all Montrealers.

Yours sincerely,

Meghan Donaldson
